#### Kite centre:

The new Flisvos Kite Centre in Mikri Vigla was opened in 2006. (situated app. 18km south of Naxos town; because of the airport, kite surfing is forbidden in the St. George bay)

The reception of the Kite centre, the Flisvos Kite Café, with its marvellous view over the spot and a small shop with beach wear, water wear and Kite hard wear are located in the northern building of the Hotel Orkos Beach. (Distance to the water app. 150m)

Luciana and Michele (English/French and Italian speaking) are running the Flisvos Kite Centre as well as giving courses or renting equipment according to IKO standards.

School- and rental equipment is from Best kite boarding and RRD; app. 35 kites and 15 boards are available.

### **Accommodation:**

The Hotel Orkos Beach is situated in the bay of Mikri Vigla app. 150 – 200m from the beach – app. 18km south of Naxos town.

The hotel has 47 studios, rooms and apartments (app. 20-25m<sup>2</sup>) which all have big and nice terraces, most of them with sea view. The studios are equipped with kitchenette, air condition and TV.

An extensive breakfast buffet is offered from 8:00 – 11:00am. To take a snack during the day the Flisvos Kite Café has a tasty range of salads, toasts, sandwiches, fruit juices, cocktails and milk shakes. In the evening the Kite Café is open as bar and meeting point to all Kiteers.

As an alternative or in combination the well known Hotel Naxos Beach 1, part of the Flisvos Sportclub, at the St. Georges Beach can be booked. All kiteers which have pre booked Kite courses or rental equipment and are staying at the Hotel Naxos Beach 1 receive a free Mountain bike for the transfer to Mikri Vigla.

### **Transportation rental:**

For private kiteers with own equipment we recommend the rental of a car or a Quad with rack. Pre booking prices are 35.-€ for a Quad and 45.-€ for a car in cooperation with Europcar, Included C.D.W., unlimited mileage, delivery and pick-up from the hotel.

### **Kite spot:**

The bay of Mikri Vigla has a nice and big sandy beach! The place to start at the Flisvos Kite Centre is leeward protected by the sandy beach. All kiteers which are not so experienced will end up downwind on the sandy beach and can walk back easily.

Baywatch and safety services are guaranteed by the local staff; a rescue boat is available.

The spot is suitable for experienced kiteers as well as beginners. In high season (August) it might be necessary to organize courses early in the morning or late afternoon, depending on how busy the spot will be.

### **Rental:**

The basic condition for the rental of kite equipment is an IKO Level 3 licence or a short evaluation test done by one of our kite instructors. (For safety reasons, we reserve the right to not rent the equipment to guests that failed the evaluation test without any further lessons)

### **Kite safaris:**

On Naxos there is a very a good Kite-Wave-spot in the north of the island. This spot is only suitable to advanced kiteers with experience in the waves. According to a certain request, this safari to Amiti bay (app. 8 km from Naxos town) will be organized.

Price: 10.-€ return transfer
